**6,000 Waiting** tells the powerful stories of three Georgians with developmental disabilities whose lives are significantly impacted by the staggering lack and complexity of state Medicaid waiver funding.

A film from The Storytelling Project, made possible through a partnership between the Georgia Council on Developmental Disabilities and L'Arche Atlanta, **6,000 Waiting** calls for a more inclusive Georgia that has the compassion, political will, and accountability to make policy decisions that result in meaningful benefits for people living with developmental disabilities.

Our joint discussion will include issues surrounding waiting lists for Medicaid Waivers in Kentucky and how you can help.

You can view the movie from Monday, October 11th at 12:01 AM until the shared screening time at 6:00 PM Here:
